C I R C U L A R

Director Health Services Kashmir during his recent tour to Central & South Kashmir for the preparations of Possible 3rd Wave has personally observed that the medical supplies (Medicine, Machinery Equipments & other Items) received either from J&K Medical Supplies Corporation Ltd (JKMSCL) directly or from provincial Stores (Barzulla) of this Department are not being further supplied / distributed to the Healthcare Institutes from where the requisition(s) were received. It has further been seen that the Storekeepers of most of the Healthcare Institutions usually keep these essential drugs & other items dumped in the Stores without further distribution, resulting the Healthcare Institutions for which these items were purchased face lot of problems in delivering healthcare to the patients.

In order to overcome this issue & to bring transparency & accountability in "Supply Chain Management", all the Chief Medical Officers / Medical Superintendents / Block Medical Officers are impressed upon to ensure that the supplies received by Storekeepers are distributed on its receipt immediately to the end users for which these drugs & other machinery items were purchased purely for the best interest of patient care.
